SKILLS SUMMARY

Languages:	Python, JavaScript, C++, HTML, CSS
Frameworks & Libraries:	React.js, Node.js, Tailwind CSS
Databases:	MySQL, MongoDB
Cloud / DevOps:	Docker, Kubernetes
Developer Tools:	VS Code, Git, GitHub, Linux
Soft Skills:	Problem Solving, Time Management, Teamwork

INTERNSHIP

Software Development Intern — CodeCraft Technologies | Certificate

May 2026 – Jun 2026

- **Developed** software modules using Python and C++, applying data structures and object-oriented programming to solve programming tasks.
- **Contributed** to application testing and debugging while using Git/GitHub for version control and collaborative development.

PROJECTS

Aarogya Grid — Health Supply Chain Platform | GitHub | Live

Jan 2026 – Mar 2026

- **Engineered** a health supply-chain platform for forecasting and managing medicines and healthcare resources using React, Firebase and Python.
- **Implemented** a modular architecture with a React/Tailwind frontend, Firebase Cloud Functions backend and a Python-based predictive analytics service.
- **Integrated** structured datasets and forecasting components to support healthcare resource planning and improve supply-chain visibility.

Tech Stack: React.js, Tailwind CSS, Firebase, Python, JavaScript

Anime Streaming Guide — Web Page | GitHub | Live

Aug 2025 – Sep 2025

- **Designed** a static web interface presenting popular anime streaming platforms using semantic HTML and organized navigation.
- **Crafted** a simple dark-themed layout with structured sections, external images and platform information for easy browsing.
- **Incorporated** external links and visual elements to create a straightforward guide for discovering anime streaming platforms.

Tech Stack: HTML, CSS

TRAINING

Python Programming & Data Structures — Online Training | Certificate

Jun 2025 – Jul 2025

- **Strengthened** programming fundamentals through structured exercises covering Python, data structures and algorithmic problem-solving.
- **Applied** concepts including arrays, searching, sorting and object-oriented programming to solve practical coding problems.

Tech Stack: Python, OOP, Data Structures

CERTIFICATIONS / CERTIFICATES

Python for Everybody | Coursera

— Jul 2025

Introduction to Web Development | Coursera

— Sep 2025

Cloud Computing Fundamentals | NPTEL

— Jul 2026

ACHIEVEMENTS

Secured 1st position in a college-level coding competition, competing against **50+ participants**.

— Mar 2026

Selected among the top 10 teams in a college hackathon, developing a technology-based solution within the given time limit. — Apr 2026

EDUCATION

Lovely Professional University

Phagwara, Punjab

Bachelor of Technology – Computer Science And Engineering— **CGPA: 9.21**

Aug 2025 – Present

The Renaissance International School

Kharagpur, West Bengal

Senior Secondary (Class XII) — **Percentage: 81**

Apr 2024 – Mar 2025

Splendour High School

Salua, West Bengal

Secondary (Class X) — **Percentage: 93**

Apr 2022 – Mar 2023
